Program Overview

Transitions to Success is a non paid employment program designed to support women who have the drive, desire, and determination to become employed in a career or profession that will financially sustain them and their families.

Our goal is to assist women in securing above minimum wage jobs and provide them with the opportunity to continue with their education in a career that is compatible with their skill set.

We provide life skill enhancement, employment skill development, on the job training, and employment support services while you are working.

Program Content

The program consists of:

- 6 weeks in class life skill enhancement.
- 2 weeks in class employment skill development including ticket/certification training.
- 4 weeks of non paid on the job work experience placement.
- 6 months employment support.

Transitions to Success supports students in the areas of life skill enhancement and employment skill development. When you are employment ready we assist you in obtaining sustainable employment and provide continued support for up to 6 months while you are employed.

Program Eligibility

- Female 18 years of age or older.
- Low income.
- Willing to participate in a non paid work experience.
- Willing to work with our team up to 6 months after completing the program.
- A minimum of 6 months stable housing is required.
- In the event your goal is to return to school you must be willing to work until you start school.

If you believe this program will support you in achieving your goals please contact our main office at **780-481-3451**

to inquire about program start dates or to request an application.

All applications will be considered.
